Subject: RE: Meeting with the Board of Supervisors

I think we can all agree that getting out to the farms was a really good idea...

The problem seemed to be that most of our Supervisors are in farming related fields of work. Hence the poor attendance. The weather was beautiful that day. Make hay while the sun shines, right?

March is good for timing (no planting, chopping or harvesting). If you could think of a farm or ag. related business that has relatively clean facilities for a luncheon and meeting space, and is someplace Farm Bureau and the Board of Supervisors should bring attention to, I think the Board would be agreeable...

I'm a huge fan of getting the Board out into the community!!!

Let me know if there is anything I can do to help!!

Best,

Cheryl J. Ketchum, CMC

Good afternoon ... The Wyoming County Farm Bureau would like to try setting up a meeting with the Board of Supervisors in March ... like we used to do it. They liked the idea of getting the Supervisors out to a farm but since that did not seem to work they would like to go back to the old format of a meeting and then lunch. Do you think that will be ok with the Board? Let me know. I know they were thinking about the church setting but I may suggest the Wyoming Ag Center ... it's a good spot and closer to where the Board needs to be after the lunch. Just a thought. Thanks for looking in to it.

Happy New Year.
