Chairman Payne expressed his appreciation to each of the Supervisors for returning him to office once again and for their support during the past year. He stated that although it had been a difficult year financially, much had been accomplished due to the dedication of all the members of the Board of Supervisors.

Accomplishments include the completion of the new Jail/Public Safety

January 2, 1992

Building, which is scheduled for occupation very soon. The Nursing Facility construction has begun and should be completed by early spring. Some of the smaller projects include the implementation of the E-911 service. The record management project has begun. NYS Grant money has afforded the county to hire two individuals to inventory what records are presently being stored in the county departments. The future of this project will present the problem of what and where these records are to be stored. The Department of Tourism has made great strides and has certainly put Wyoming County on the map.

Chairman Payne addressed the shortage of office space within the county departments. To build or not to build a new court facility remains one of the tough decisions to be made this year. Other topics of concern are solid waste, the feasibility of a county manager.

Chairman Payne thanked every one again.

Mr. Erhart moved to adjourn. Carried. Adjourned.

WHEREAS, OGS has increased the number and variety of commodity contracts available to local governments, often in direct response to requests received from local government representatives; now, therefore,

By Mr. Bowles, Acting Chairman of the Social Services Committee:

#### **Position On Nys Proposed Reductions In The Department**

February 11, 1992

### **Of Social Services Reimbursements Supported**

WHEREAS, the New York State Association of Counties (NYSAC) and the Columbia County Board of Supervisors have expressed their opposition to New York State Assembly legislation (A.8932.) which states in part:

“Notwithstanding any other provision of law, amounts otherwise reimbursable by the department of social services for amounts expended by social services districts from 10/1/91 - 12/31/91 for administration and staff training of the following programs shall not be reimbursed by the department of social services: (a) the food stamp program; (b) the income maintenance program; (c) the medical assistance program; and (d) child support collection activities pursuant to title IV-d of the federal social security act. Such reductions in reimbursement shall be applied to and decrease maximum amounts otherwise reimbursable to each social services district under chapter 53 of the laws of 1991.”; and

WHEREAS, this legislation, if passed would have a disastrous effect upon the ability of not only the County of Wyoming but of every County in New York State to adequately provide for these services; and

WHEREAS, a cut in reimbursement to the counties will cause a backlog in the administration and funding of these programs so that needy persons will not have available to them the help that is its support to NYSAC and Columbia County in their opposition of the New York State legislature's attempt through Assembly bill A.8932 to place further burdens on the citizens of Wyoming County; and be it

FURTHER RESOLVED, that copies of this resolution be forwarded to Michael Dowling, Executive Secretary to the Governor for Human Services; Hon. Ralph Marino, Senate Majority Leader; Hon. Saul Weprin, Speaker of the Assembly; NYSAC; and any other agency deemed appropriate by the Chairman of this Board.

**"Community Banking Week" Proclaimed**

WHEREAS, for over one hundred and fifty years independent, community-based banks have provided the necessary resources to fuel the growth and vitality of their communities; and

WHEREAS, there are over one hundred locally owned and operated commercial banks with nearly six hundred banking offices found in every part of New York; and

WHEREAS, Wyoming County Bank and the Bank of Castile are an important part of the network of community banks; and

WHEREAS, these institutions have channelled their capital to support over nineteen billion dollars of assets. Most of these assets are in the form of local loans to customers, which provide the reinvestment necessary for the communities to grow and prosper. These "recycled" funds insure that local economic development will remain strong and responsible; and

March 11, 1992

WHEREAS, the New York State economy is a collection of local economic development efforts, the role of providing funds by institutions who know and understand their customers takes on a broader perspective. The community-based banks in essence connect their local expertise and market know-how to a statewide network; and

WHEREAS, the County of Wyoming is an integral part of the state's economic health; and

WHEREAS, to support their valued presence, the community-based banks provide statewide employment for over ten thousand men and women in full and part-time positions and hundreds in our county. These dedicated employees serve over two and one half million-account holders throughout the state and convene their business with the highest quality standards.

BE IT RESOLVED, That the County of Wyoming hereby declares March 23-29, 1992 as Community Banking Week and lauds our community banks for their contribution to the local economy.

IN WITNESS WHEREOF, I have caused to be affixed the Seal of the County of Wyoming this 10th day of September 1991.

By Mr. Petri, Chairman of the Highway Committee:

#### **Resolution On Highway And Bridge Funding Division Urged**

WHEREAS, new infusions of funding for highways and bridges from the Federal and State government can provide needed relief to Wyoming County's deficient highways and bridges; and

WHEREAS, the Federal Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA) provides New York State \$6 billion in highway and bridge funding over a period of six years; and

WHEREAS, Federal law requires New York State to spend a minimum of 15% (\$31 Million) to a maximum of 35% (\$72 Million) of the ISTEA's Bridge Program on the classified "off system" local system. In the past the New York State Department of Transportation has classified State bridges as "off system" eligible for local portion; and

WHEREAS, this dedicated fund becomes operative April 1, 1993 and contains over \$1 Billion in dedicated revenues desperately needed for the future operation, maintenance, and improvements to the local infrastructure; and

WHEREAS, New York's 94,961 miles of locally maintained roads make up more than 85% of the total 110,964 road miles in New York and carry an estimated 42 billion vehicle miles traveled statewide; and

WHEREAS, New York's 8,980 locally owned and maintained bridges make up approximately 50% of the total 18,829 bridges in New York State, of which 55% are rated deficient in need of major structural repair; and

WHEREAS, the Consolidated Highway Improvement Program (CHIPs) currently funded at \$220 Million expires in March, 1993 leaving a gaping hole in local government capital highway and bridge budgets; now, therefore, be it

BE IT RESOLVED, That the County of Wyoming goes on record strongly

## SPECIAL SESSION

Thursday

July 9, 1992

7:00 PM

A Special Session of the Wyoming County Board of Supervisors was held in the Court House, Warsaw, New York, with all members present, except Messrs. Nugent, Haller, Gillette and Herman. Eight of the nine villages within the County were represented. The meeting was called to order by Chairman Payne who led the Pledge of Allegiance to the Flag.

No communications were read.

Chairman Payne granted the floor to Supervisor Bowles who gave general information regarding solid waste matters. He then introduced Kevin Voorhees, an engineer for Barton and Loguidice, Inc., who gave an overview of the proposals received and the proposed curbside collection. After Mr. Voorhees completed his overview, Chairman Payne opened the floor to discussion regarding the Requests for Proposals for solid waste. Comments and questions were received from several Supervisors.

Supervisor Huber questioned portions of the proposed local law on source recovery, Livingston County's withdrawal from the RFPs and problems the funding problems of Orleans County. Mr. Bowles responded by indicating that the proposed local law has not been introduced as yet. Mr. Voorhees explained that Livingston County was anticipating using a different method to comply with the State and that the proposed combination of levy per residential parcel and per bag fee should prevent the funding problem of Orleans County.

After comments were received from the Supervisors, Chairman Payne granted permission to the general public in attendance. Several members of the audience directed questions to Mr. Voorhees on anticipated costs, scheduling, town and/or village participation with the County, and placing the RFP acceptance on the ballot as a referendum. A general discussion ensued.

Mr. Bowles moved, seconded by Mr. Lowe, to adjourn to executive session at 8:05 PM to discuss the financial aspects of the proposals and companies. Chairman Payne invited the Village representatives, as well as the GLOW representatives, to stay.

**A LOCAL LAW ESTABLISHING SOURCE  
SEPARATION AND RECYCLING**

BE IT ENACTED by the Board of Supervisors of the County of Wyoming, New York, as follows:

**SECTION 1. Purpose**

The County finds that the removal of certain materials from the Solid Waste stream will decrease the amount of solid waste disposed in landfills and aid in the conservation of valuable resources.

The County finds that the New York Solid Waste Management Act of 1988 requires all municipalities to adopt a Local Law by September 1, 1992, requiring separation of recyclable and reusable material from solid waste.

The County finds that, in order to protect the health, safety and welfare of the people of the County, it is necessary for the County to enact this local law in order to encourage and facilitate the maximum recycling practicable on the part of every residence, and every commercial, industrial and institutional enterprise.

The County declares that the purpose of this local law is to establish, implement and enforce recycling-related practices and procedures to be ap-

### SECTION III. ADMINISTRATION

The County shall be primarily responsible for all ministerial and administrative duties described or reasonable required by the terms of this local law.

### SECTION IV. PREPARATION OF RECYCLABLES FOR COLLECTION

Each waste generator in the County shall provide for the removal of recyclables from the property on which they are generated either through a service provided by a municipality, or a private hauler, or by direct haul by the individual waste generator to an authorized facility.

Nothing in this local law is intended to prevent any waste generator from making arrangements for the reuse, private collection, sale or donation of recyclables.

### SECTION V. WASTE HAULERS

All waste haulers in the County shall offer or cause to be offered to their customer's collection, transportation and disposal services for recyclables to the same extent any such waste hauler offers collection, transportation and disposal services for solid waste. No waste hauler shall be required to accept for collection solid waste, which has not been source-separated or is hazardous waste.

Waste haulers shall recycle, or cause to be recycled, no less than eighty-five percent (85%) by weight of the recyclables collected in the County.

All waste haulers must maintain all records and supply the GLOW Recycling Administrator with a quarterly report of its activities. Such quarterly report shall indicate: the tonnage of solid waste collected in the County; the location of disposal of solid waste collected in the County; the tonnage of recyclables collected in the County; and the market(s) for the recyclables collected in the County.

### SECTION VIII. EFFECTIVE DATE

This local law shall become effective September 1, 1992.

County Attorney, Eric Dadd, had several comments on the text and language utilized in Introductory Local Law No. N, for the Year 1992. He suggested that this local law be fine tuned grammatically prior to the public hearing.

2:00 P.M.

The Regular Session of the Wyoming County Board of Supervisors was held in the Court House, Warsaw New York, with all members present except Mrs. Glaus. Chairman Payne called the meeting to order and led the Pledge of Allegiance to the Flag.

Communications were read and filed with the Clerk of the Board.

C-1. A reminder that the next inter-county meeting is to be held October 15, 1992 hosted by Wyoming County and to be held at the Silver Lake Country Club.

Chairman Payne opened the public hearing on the countywide curbside collection plan.

The following opening comments were made.

Mark Barber, Mayor of Village of Castile, made several comments on his support of the B.F.I. proposal and read letters from the Villages of Perry and Warsaw; he requested that both documents be incorporated into the official minutes.

October 9, 1992

The Honorable Robert Bowles  
Chairman, Solid Waste Committee  
Wyoming County Board of Supervisors  
Wyoming County Court House  
Warsaw, NY 14569

Dear Bob:

Since I am unable to attend the public hearing concerning the proposals for countywide solid waste removal and recycling, I would appreciate it very much if this letter be read at the hearing and entered into the official record.

The Warsaw Village Board of Trustees reviewed the final proposals (as submitted to us by Supervisor Faulkner) at our regular meeting of September

**October 13, 1992**

21, 1992. At that time it was the consensus that there still remain serious flaws and inadequacies in the program (cf. my letter of July 15 to the Office of Economic Development and Planning), most notably the lack of provisions for commercial removal and the recycling of commercial cardboard, a service which the Village of Warsaw currently provides to our business community.

However, since we are being asked to compare the proposals as submitted I believe the B.F.I. proposal to be superior in that it provides for the recycling of items omitted from the C.I.D. proposal (i.e. magazines, catalogs and PVC plastics). In addition, since B.F.I. will allow for the co-mingling of recyclables in a single container, that will alleviate the potential problem of user confusion concerning pick-up days. Furthermore, the five-bag limit as proposed by B.F.I. would seem to be more consistent with the stated aim of this project in that it would encourage the user to recycle.

In the area of bulk waste, the C.I.D. proposal is quite ambiguous and apparently more expensive than the B.F.I. proposal, and although C.I.D. will pick up these items more frequently, the monthly pick-up proposed by B.F.I. would seem more than adequate for the needs of the average resident of Wyoming County.

In summation, based upon the data presented in your Sept. 16, 1992 memorandum, I have reached the conclusion that the B.F.I. proposal would better serve the needs of Wyoming County and I would urge the members of your committee to give this proposal favorable consideration.

Thank you very much for allowing me to participate in this public hearing.

Sincerely,  
s/Daniel W. Moran  
Mayor

Re: Wyoming County Curbside / Solidwaste Contract

Dear Howard Payne, Chairman;

In regards to the decision that is before your board concerning the county

October 13, 1992

wide solid waste contract I would ask that this letter be recorded in the minutes.

As I have stated at previous County Board committee meetings it is clear that the B.F.I. proposal is superior to what C.I.D. has proposed for the following reasons.

1) The Village of Perry has experience contracting with both companies (B.F.I. and C.I.D.) and B.F.I. has a much better track record in terms of reliability and service.

2) B.F.I. has been much more willing to work with the community in Perry and around the county, ie. Bennington.

3) The commingling of recyclables is viewed as a positive service by consumers. The Village of Hamburg has more than 10 years of experience and is extremely successful using the same model as B.F.I.

4) The B.F.I. proposal includes a great deal more in terms of what consumers may recycle which will lower annual cost for residents of both Perry and Wyoming County.

5) The numbers of items that can be recycled in the B.F.I. proposal make it possible for municipalities to meet N.Y.S. Dept. of Environmental Conservation mandates in a much earlier time frame.

6) If the county contract would allow for municipalities to provide programs for bulk waste, with as much flexibility as B.F.I. initially proposed, the B.F.I. contract would provide a much more cost effective program overall.

For all of the above reasons, I would ask that the B.F.I. proposal be strongly considered. I would also like to take this opportunity to commend the Wyoming County Solid Waste Committee for the hard work and the many accomplishments obtained over the past year.

Sincerely,  
s/Steven Moultrup  
Chairman Perry & Castile  
Recycling Committee

Chairman Payne cited the Rules of Procedure, Rule #49, and asked that any cameras in the Board Room not be used.

Opening comments continued with Gilly Burlingham of the Town of Perry, a member of the Solid Waste Citizens Advisory Board, presenting each Supervisor with a copy of an open letter. She then gave her reasons for not supporting either proposal. Ms. Burlingham feels that a county owned land-

October 13, 1992

fill, while not the perfect solution, would best serve the residents of the county.

Several other citizens expressed their feelings regarding the Solid Waste proposals and a general discussion continued. At the conclusion Supervisor Bowles, Chairman of the Wyoming County Solid Waste Committee, stated that it is the belief of the Board of Supervisors and the Solid Waste Committee that the County Wide Curbside Collection proposal is in the best interest of all residents of the county. It is not the intention to burden any resident with needless services.

With no further comments offered, Chairman Payne called for the reading of Resolution No. 1.

After reading the following resolution, several Supervisors expressed their feelings about the one per cent sales tax increase. Mr. Erhart opposes the increase, feeling that many residents will go to bordering counties to make purchases; Mr. Roberts, although he opposes a tax increase of any kind, believes a sales tax increase is preferable to a real property tax increase.

## RESOLUTION NO. 92 - 247

By Mr. Bowles, Chairman of the Solid Waste Committee:

### Hauler Selection Confirmed; Chairman Authorized To Sign Documents For Curbside Collection

WHEREAS, The Board of Supervisors held a public hearing on October 13, 1992 relative to its proposed curbside collection program, and relative to

November 10, 1992

the proposals submitted by Browning-Ferris Industries of New York, Inc. ("BFI") and C.I.D. Refuse Service, Inc. ("CID"); and

WHEREAS, Subsequent to the public hearing, the Board of Supervisors provided a fair and equal opportunity for both companies to be selected for final contract negotiations, by voting yes or no for CID in Resolution No. 92-231 and by voting yes or no BFI in Resolution 92-232; and

WHEREAS, The Board of Supervisors selected BFI for final negotiation of a county-wide curbside collection contract; and

WHEREAS, Municipal Cooperation Agreements have been prepared and forwarded to each Town and Village in the County which, upon acceptance and signature by a Town or Village, will provide the legal means for each interested Town and Village to participate in the proposed County collection program; and

WHEREAS, The amount of time needed to obtain signed Municipal Cooperation Agreements to prepare mailing lists, and to prepare and mail out special invoices for the curbside collection program are expected to necessitate a startup of the County's program sometime after February 1, 1993; now, therefore

BE IT RESOLVED, That factors relevant to the selection of BFI instead of CID include, but are not necessarily limited to, the following:

1. BFI offers to collect more types of recyclable materials than CID has offered. These additional recyclable materials to be collected by BFI include magazines, catalogs, phone books, and Type 3 (PVC) plastic containers; and

2. BFI offers to collect all recyclables weekly, in a commingled form, whereas CID offers to collect only certain recyclables each week via a calendar system; and

3. BFI's recyclables collection system is more convenient for residents than CID's, since under CID's proposal residents: (a) need to provide extra storage space (compared to BFI) for recyclables that do not get collected each week, (b) need to keep track of which recyclables are to be left out for collection each week, and (c) will have to provide additional storage space for recyclables if they miss the designated collection week for certain recyclables;

4. The additional recyclables and convenience offered by BFI could result in higher recycling levels with BFI than with CID, thereby lowering disposal costs to County residents (e.g., if residents purchase fewer trash tags from BFI than they would purchase from CID) and also thereby allowing the County to achieve the State's recycling goals sooner with BFI than with CID; and

November 10, 1992

5. BFI has the experience, qualifications and capabilities necessary to provide a county-wide curbside collection service for solid waste and commingled recyclable materials; and be it

FURTHER RESOLVED, That the Board of Supervisors hereby confirms its selection of Browning-Ferris Industries of New York, Inc., for final negotiations and contract award, relative to the County's proposed curbside collection program, and that such action meets the County's requirements and is in the public interest; and be it

FURTHER RESOLVED, That the Chairman of this Board, subject to the approval of the County Attorney, is hereby authorized and directed to complete all contract negotiations and to enter into contractual agreements as are necessary and desirable to implement the County's proposed curbside collection program, including determining the starting date for the County's curbside collection program.

WHEREAS, the dedicated fund law requires this revenue to be used for transportation purposes only effective April 1, 1993; and

By Mr. Herman, Chairman of the Rules Committee:

### Resolution Of Intent To Exercise The Right Of Self-Government In The Matter Of Effecting State Legislated Programs Requiring Local Tax Levy Participation Under The Spirit Of The Law Of Home Rule

WHEREAS, the people of Wyoming County of the State of New York are overburdened by excessive and coercive taxation and regulation; and

WHEREAS, the source of these burdens come from laws and regulations whose mandated—but increasingly unfunded—implementation requires the increase of fees and taxation of local county, town, and village municipalities; and

WHEREAS, the State of New York has usurped and preempted the laws allowing for the right of self-government by the counties, towns, and villages through its legislative, regulatory and tax policies; and

WHEREAS, New York State Legislators have proven themselves unwilling or unable to ease and relieve this burden from the people of Wyoming County; and

WHEREAS, one result of these excessive and coercive tax burdens is a contributing factor at least in forcing people out of their home; Now, therefore, it is hereby

RESOLVED, that the Board of Supervisors of the County of Wyoming of the State of New York will exercise every legal remedy to remove the aforementioned State legislated burdens - mandated or not - from the shoulders of the Wyoming County taxpayer; said burdens arising from any and all laws or regulations enacted by the State, which require funding to come from new and additional levy of taxes or fees on the County level to implement said laws or regulations; and be it

December 29, 1992

FURTHER RESOLVED, that the people of Wyoming County of the State of New York, through their County Board of Supervisors, will exert all legal remedies to return the power of reasonable home rule and self-government to the citizens of the towns, and villages in Wyoming County; And be it
