

# **Inspection Schedule- demolitions**

Name \_\_\_\_\_

Location \_\_\_\_\_

Date \_\_\_\_\_ Permit # \_\_\_\_\_

- A reasonable means of ingress must be provided to each structure and floor level.
- All required inspections must be called in 24 hours in advance by the owner or the contractor.
- All contractors must comply with Part 56 Title 12 NYCRR for Asbestos removal prior to starting any demolition work. Applications can be made through the Asbestos Control Bureau @ 716-847-7126.
- Regulations for controlled burning - Title 6 NYCRR Part 215 "Open Fires"(j) - Fire training, including firefighting, fire rescue, and fire/arson investigation training, performed under applicable rules and guidelines of the New York State Department of State's Office of Fire Prevention and Control. For fire training performed on acquired structures, the structures must be emptied and stripped of any material that is toxic, hazardous or likely to emit toxic smoke (such as asbestos, asphalt shingles and vinyl siding or other vinyl products) prior to burning and must be at least 300 feet from other occupied structures. No more than one structure per lot or within a 300 foot radius (whichever is bigger) may be burned in a training exercise.
- The following inspection is **mandatory**:
  1. Final – All demolition must be completed and debris removed from the site.

Certificate of Compliance must be issued before the file can be closed.

I (please print) \_\_\_\_\_ agree to comply with all applicable conditions noted herein, and upon applying for a permit that I will call 24hrs in advance for each inspection required noted at: **585-786-8820**. I understand that failure to call for the required inspections could result in a "Stop Work Order" being issued, a \$100.00 fee imposed for each missed inspection along with assuming any additional expenses to show code compliance. A \$50.00 fee will be imposed for scheduling an inspection and access to perform such inspection cannot be made.

### Instructions:

1. This application must be completely filled in by typewriter or ink and submitted in duplicate to the Building Department.
2. A plot plan showing location of lot and of buildings on premises, relationship to adjoining premises or public streets or areas, and giving a detailed description of layout of property must be submitted with this application.
3. This application must be accompanied by two sets of construction drawings showing proposed construction along with two sets of specifications. Plans and specifications shall describe the nature of work to be performed, the materials and equipment to be used and installed and details of structural, mechanical, electrical, heating and plumbing installations.
4. The work covered in this application shall not commence prior to issuance of Building Permit.
5. Upon approval, the Building Department shall issue a building permit to the applicant, with approved duplicate set of plans and specifications. Such permit and specifications shall be kept on premises available for inspection throughout the work progress.
6. No building shall be occupied or used in whole or in part for any purpose, until a certificate of occupancy has been issued for such use by the Building Department.
7. Upon permit issuance, all work is to be completed within 12 months or a permit renewal must be obtained.

Application is hereby made to the Building Department for the issuance of a Building Permit pursuant to The New York State Uniform Fire Prevention and Building Code for the construction of buildings, additions, alterations, or for removal or demolition, as herein described. The applicant agrees to comply with all applicable laws, ordinances and regulations.
