Fax 585-786-8802

**PRESS RELEASE**  
**January 13, 2022**

**Upcoming vaccination clinics at the Wyoming County Health Department:**

**Booster\* Vaccinations:**

[J&J Booster – Monday, 1/17/2022](#)  
[Pfizer Booster – Tuesday, 1/18/2022](#)  
[Moderna Booster – Tuesday, 1/18/2022](#)

**Initial Vaccinations:**

[Single Dose J&J – Monday, 1/17/2022](#)  
[First Dose for 5-11 yr olds – Monday, 1/17/2022](#)  
[First Dose Pfizer – Tuesday, 1/18/2022](#)  
[First Dose Moderna – Tuesday, 1/18/2022](#)

Anyone who needs a Covid vaccine can schedule online by visiting: [www.wyomingco.net](http://www.wyomingco.net) and selecting “COVID-19 Vaccination” under *Quick Links* or by calling the Wyoming County Response Line at 786-8911. Locate other vaccine clinic locations at the Vaccine Finder [HERE](#).

**NEW:**

- **WHEN YOU TEST POSITIVE FOR COVID-19:** New York State is moving toward a system of self-management when a person is positive for COVID-19 after being tested in a community setting (pharmacy, provider office, testing site etc). According to the NYS Department of Health, residents who test positive for COVID-19 will be directed to a NYS website for isolation and quarantine instructions. If you are COVID-19 positive, notify your close contacts that they have been exposed. NYSDOH “Frequently Asked Questions” about these changes will be available [<HERE>](#).
- **CURRENT CONTACT TRACING INFORMATION:** Wyoming County will conduct very limited case investigations; only for those who test positive for COVID-19 under age 18, over age 65 and those living in congregate settings. This is in an effort to keep students in school and protect those that may be more vulnerable to serious outcomes with COVID-19 infection.
- **WHEN YOU TEST POSITIVE WITH COVID-19 AT-HOME TEST:** Residents can visit [www.wyomingco.net](http://www.wyomingco.net) and choose “Report a Positive COVID-19 Home Test” under the “*Quick Links*” option to self-report a positive at home COVID-19 test. After submitting your result you will be able to print an “AFFIRMATION OF ISOLATION”. The state is moving to self-management for anyone who tests positive or who is exposed.
- **AT HOME COVID-19 TEST KITS:** Libraries in Wyoming County are out of COVID-19 test kits. If another supply is allocated for community distribution, community member will be advised. *The Health Department does not have free at-home test kits or KN95 masks; please do not call or visit the Health Department for test kits or masks.*

The Wyoming County Health Department continues to offer COVID-19 testing on Monday, Wednesday and Friday each week. Testing will be “drive through” style at the Wyoming County Highway Department located at 4328 Route 19, approximately 4 miles south of the Village of Warsaw. Results are available the same day and there is no charge. To schedule an appointment for a COVID-19 test please visit the Wyoming County Website [HERE](#) or [www.wyomingco.net](http://www.wyomingco.net) and choose “COVID-19 Testing Clinic Registration” under *Quick Links*. Call the Wyoming County Response Line with questions or for assistance at 786-8911.

**Wyoming County Board of Supervisors Chairwoman, Rebecca J. Ryan** announced as of Thursday, January 13, 2022, the Wyoming County Health Department reports six thousand five hundred seventy-three (6,573) lab-confirmed positive community cases of COVID-19 among Wyoming County residents. There is an increase of six hundred ten (610) total cases since the last reported increase on Thursday, January 6, 2021.

County	Cumulative Positive	Weekly Reported Home positive	Weekly Reported Lab positive	Wyoming County Fatalities	# Wyoming County residents with at least 1 dose**	% of Wyoming residents ages 5+ with at least 1 dose
Wyoming	6,573	62	548	75	22,650	56.5%

*All data are provisional*

*\*\*Wyoming County residents with at least one dose of COVID-19 vaccine.*

*From the [NYS COVID-19 Vaccine Tracker](#)*

Given changes announced by the NYS Department of Health, the format of weekly Press Releases is subject to change. The NYSDOH COVID-19 data dashboard can be located here: <https://coronavirus.health.ny.gov/covid-19-data-new-york>. Community transmission of COVID-19 is very high, please wear a well-fitting mask in public settings and stay home and isolate from your household if you are sick.

The Centers for Disease Control and Prevention (CDC) also maintains a county-level [COVID-19 data tracker](#). The CDC tracker provides up-to-date information about COVID-19 testing, cases, hospitalizations, and deaths. The tracker contains data for all US counties allowing for regional comparisons.
