Dogs, cats and ferrets three months of age or over will be vaccinated at these clinics.
The initial vaccination is good for one year only;
For dogs and cats each vaccination thereafter will be effective for three years.
Ferrets must be vaccinated yearly.

Animals must be accompanied by someone able to control them.

You may pre-register here: <https://apps.health.ny.gov/doh2/applinks/cdmspr/>

This is a FREE clinic for Wyoming County residents ~ Donations gratefully accepted!
Out of county residents will be charged \$10.00 per animal

If you have questions, please call Wyoming County Health Department at (585) 786-8894
