They have their own printer/ink/paper which is funded in full by the Towns that pay for the County Assessing program through a separate Budget for County Assessing. The only reason this came up was because outside assessors were asking for printing to be done by Real Property. RPTS Director Lippincott did not feel it would be fair to allow towns outside of the program to use Real Property resources when the County Assessing Towns are not being allowed to use Real Property resources. The motion is simply making the Real Property printing policy equitable for ALL assessors whether you participate in the County program or not.
